Subject: Application for Analyst Intern, Cyber Risk Services - Summer 2024

Dear Marisa,

Deloitte's commitment to innovation, knowledge access, and values such as integrity match deeply with my passion for cybersecurity. I am particularly impressed with the company's PAR Silver certification, signifying its dedication to Indigenous relationships and its diverse team of 14,000 professionals serving Fortune Global 500® companies. I am excited about the opportunity to contribute to Deloitte's Cyber Risk Services team as an **Analyst Intern for Summer 2024** and leverage my skills in areas such as Strategy, Defence, and Response, Data, Application Security, Infrastructure, and Identity.

My academic background involves pursuing a **Bachelor of Applied Sciences in Computer Science at McMaster University**, completing a **Diploma in Cyber Security** from **Lighthouse Labs**. Having completed a comprehensive 12-week Cyber Security Bootcamp during the Summer of 2023, I acquired hands-on expertise in foundational cyber security principles, network management, scripting, incident response, and vulnerability assessment. Proficient in Python, C, and Java, I also possess skills in Microsoft Suite.

As the founder of CryptX, my High School Computer Club, I steered its cyber security division, demonstrating leadership, organizational, and mentoring capabilities. Successfully organizing and moderating a week-long intraschool Hackathon, contributing articles to "The Right Click" Newsletter, and guiding over 200 students in ethical hacking showcase my diverse skill set.

Moreover, my experiences as a Student Invigilator at McMaster University and a Crew Member at McDonald's have refined my professionalism, communication, and teamwork abilities. Former managers have expressed their appreciation of my clear written and verbal communication skills and problem-solving capabilities. I am comfortable working in a dynamic environment with competing deadlines and rapidly evolving client needs and conditions

I am open to travel anywhere in Canada and I look forward to meeting with you to further discuss this opportunity in greater detail, as well as to learn more about Deloitte.

Sincerely,

Jasraj Singh Johal
